Team Mississippi Blues Roadtrip

Hi. I'm Governor Haley Barbour and I want to welcome y'all to Mississippi.

Over these two days of Team Mississippi's Blues Roadtrip, you are going to experience some of my favorite things - like Mississippi Blues music and great Southern food.

As the Birthplace of America's Music, Mississippi knows a little something about the blues. And, we know that from the blues, a number of other musical genres were born, including R & B, jazz , and rock 'n roll. From B.B. King, Muddy Waters and Robert Johnson to Elvis Presley and Faith Hill, Mississippi is musically blessed. As you immerse yourself in the blues culture, know that we bring this same creative spirit to the way we do business in Mississippi.

So, I hope you enjoy your time here, make some new friends and see all that the state has to offer. I also hope you will consider Mississippi for upcoming business ventures.
